PROFESSIONAL SUMMARY

Second-year Computer Science undergraduate at IIT with a strong focus on **full-stack development** and **cloud technologies**. Proficient in building scalable applications using React.js, Java, and Node.js, with hands-on experience in developing backend services and full-stack applications. Builds personal projects intended for real usage, gaining practical exposure to how systems are designed, structured, and operate in real environments. Currently developing an **AI Interviewer for automated mock interviews**, applying a user-focused approach while working with **modern software architecture** and **deployment workflows**.

TECHNICAL SKILLS

- **Languages:** Java , JavaScript , SQL , Python
- **Frameworks:** Node.js , React.js , React Native , Express
- **Databases:** PostgreSQL , MongoDB , Firestore , MySQL
- **Tools:** Git , Docker, Postman , Linux
- **Architecture & Practices:** Microservices , Automation , MVC
- **Cloud & LLMs:** Choreo , Rest API , Gemini API , Grok API , Gemma 4
- **AWS Tools:** EC2 , S3 , IAM (Basics)

PROJECTS

AI INTERVIEW SYSTEM

April 2026 - In Progress

Tech Stack: React.js, Node.js, Express.js, Gemini API, Gemma 4, Jira , CI/CD , Deployment Automation

- Developing a **Gemma 4 powered** AI interview system that generates structured technical questions and evaluates candidate responses in real time using CV-based context across multi-stage interview flows, **improving interview readiness scores by ~60% in simulated test sessions**.
- Developing **automated workflows** integrating CV parsing, company research, AI interview generation, and feedback evaluation agents into a unified interview system

CALENDERBOT - AI-Powered Google Calendar Assistant

March 2026

Tech Stack: Node.js, React.js, Express, Grok API , Postman, Choreo (Deploy & Api Manager), Github Actions , CI/CD

- Built a cloud-based AI calendar assistant that processes **natural language queries to fetch Google Calendar events** in real time, reducing manual navigation time by ~50%.
- Built and deployed backend services with automated CI/CD pipelines using GitHub Actions, enabling consistent API design and integration with the frontend system.

SUBSCRIPTION MANAGER

March 2026

Tech Stack: React.js, Spring Boot, Firestore, REST APIs , JUnit, Postman, Asgardeo (Authentication) , CI/CD

- Developed a secure **subscription tracking platform** to manage recurring expenses and billing cycles, improving user expense visibility by ~65%.
- Designed and built scalable RESTful services with authentication and structured data flow, supporting efficient request handling and reliable integration between client and server systems.

EDUCATION

- **B.Sc. (Hons) Computer Science -** *University Of Westminster* January, 2025 - Present
- **Foundation in Computing -** *Informatics Institute of Technology (IIT)* September, 2023
- **Ordinary Level Examination (O/L) -** *Wisdom Internation Collage Beruwala* December, 2022
Results - 6A 1B 1C 1S

COMPETITIONS & ACHIEVEMENTS

- **Gemma 4 Good Hackathon (Google × Kaggle)** April 2026
In-Progress
Developing a Gemma 4 powered solution aimed at solving real-world challenges through intelligent, context-aware AI systems. Focused on building practical, scalable applications that translate AI capability into real impact.
- **AdaptIQ 2025 - IEEE WEI IIT** October 2025
2nd Runner-Up
Achieved 2nd Runner-Up in a 24 hour hackathon, ranking among the top 3 finalists, focusing on building scalable, tech-driven solutions.
- **Inter School Milo Tournament** June 2023
Champions
Secured the Championship title at the 2023 Milo Football Tournament, leading the team through competitive knockout stages and showcasing strong teamwork, resilience, and strategic play.

VOLUNTEERING

- **IIT Iftar 2026**
Assisted in organizing and managing IIT's Iftar event, supporting smooth operations and enhancing the experience for attendees.
- **Hult Prize 2026**
Assisted in organizing and managing the Hult Prize 2026 competition at IIT, contributing to seamless event execution and an engaging experience for participants.

ADDITIONAL INFORMATION

- **Languages:** English (*Fluent*), Sinhala (*Intermediate*), Tamil (*Native*)
- **Interests:** Cloud Engineering, System Design, Full Stack Development
- **Soft Skills:** Problem-Solving, Collaboration, Adaptability, Communication, Leadership, Growth Mindset
- **Certifications:** **AWS Cloud Practitioner** (In Progress)
